MIRRABOOKA CAMPUS

CRÈCHE

We are pleased to announce the opening of a crèche at our Mirrabooka Campus. Equipped with quality equipment, our crèche provides an enriching environment that allows our students to gain hands on experience with their early childhood care course. This will better equip our students to be job ready at graduation.

ROCK CLIMBING @ ROCKFACE

Our students had an afternoon of fun as they put their climbing skills to the test at Rockface Indoor Rock Climbing! Although this is a brand new experience for many of the students, they scaled the walls like professionals. Come join us at the next Rock Climbing event. Even if you have never been to one, come along and have fun! Students are encouraged to participate in social events as it is a great opportunity for you to meet other students and develop your own network of friends in Perth. For more information on the next rock climbing event, please contact our Events Coordinator, Amy at events@stanleycollege.edu.au

RED HAT SOCIETY LUNCH

Who are The Red Hat Society (RHS)? They are an international social organization originally founded in 1998 in America for women age 50 and beyond, but now open to women of all ages. Today, there are over 20,000 groups in over 30 other countries.

Our Certificate IV Commercial Cookery students have recently studied the unit Plan Catering for Events or Functions, the practical assessment for this requires the students to organise real events. This group had the privilege of organising a function for the world famous Red Hat Society. Students were involved in the conceptualisation, creation and operation of the event - from the start to the end. The lunch was an amazing success, well done to all involved.
